

Watch the Webcast, Enter the Competitions!

Tune in to Architecture 2030's **webcast**, beginning 9 am EST on January 30! Learn not only how to solve global warming, but also what you need to do to enter the two unusual and exciting **competitions**!

Face It Webcast

This is a great way to kick off Focus the Nation! Use this short, concise half-hour webcast to get your group focused on the solution to global warming. The webcast can be viewed any time after 9 am EST on January 30, making it easy to substitute for classes or watch together in an office meeting.

Reverberate Competitions

Watch the webcast to learn what all the excitement's about! Architecture 2030 will be unveiling two very unusual and exciting competitions with \$20,000 in prize money! The earlier you watch the webcast, the sooner you can get started on your competition entries. Get your competition supplies now, so that you're ready to go when the details are announced.

[Graphic design entries due February 1, 2008 · Video entries due February 8, 2008]
